DEFENCE OF CANADA REGULATIONS.

PURSUANT to the Defence of Canada Regulations, the following delegation of authority, orders, and regulations governing black-outs in the Province of British Columbia have been made:—

CANADA:

DEPARTMENT OF PENSIONS AND NATIONAL HEALTH.

IN THE MATTER OF REGULATION 33 OF DEFENCE OF CANADA REGULATIONS (CONSOLIDATION), 1941, AND THE AMENDING ORDERS IN COUNCIL THERETO.

To all whom it may concern:

Pursuant to authority vested in me, the undersigned, by Regulation 33 of Defence of Canada Regulations (Consolidation), 1941, as made and established by Order in Council P.C. 5295 of the 15th day of July, 1941, and the amending Orders in Council thereto, I do hereby prescribe the following steps to be taken by the persons in the Province of British Columbia to protect themselves against the dangers involved in an attack by the enemy:—

(1.) That there shall be set up under the chairmanship of the Premier of British Columbia a Provincial Committee to undertake the organization of air-raid precautions in the said Province, the personnel of which committee shall be appointed by the Chairman.

(2.) That the Chairman of the Provincial Committee may appoint a Vice-Chairman to whom he may delegate all or any of his functions hereunder.

(3.) That the Chairman of the Provincial Committee may appoint a Provincial Advisory Council to assist in the organization of air-raid precautions in the Province.

(4.) The Chairman of the Provincial Committee shall appoint a Provincial Air-raid Precautions Officer, who, under the direction and control of the Chairman of the Provincial Committee, shall immediately proceed to assist in the organization of similar committees with similar duties in each of the areas designated by the Honourable the Minister of National Defence as vulnerable to enemy attack.

(5.) The chairmen of such committees as are mentioned in the regulation next preceding shall be appointed by and be responsible to the Chairman of the Provincial Committee; provided that, wherever possible, the Mayor or senior Magistrate in such areas designated as vulnerable shall be appointed chairmen of such local committees.

(6.) The chairmen of such local committees aforementioned shall be responsible for the detailed organization and the appointment of members to the committees in their respective communities.

(7.) The Chairman of the Provincial Committee shall deal with matters of general policy affecting the Province of British Columbia, advising, wherever deemed necessary by him, the local committees concerned and co-ordinating wherever necessary the activities of these various local committees.

(8.) That the Chairman recommend to the Director of Civil Air-raid Precautions from time to time the making of such further orders under said Regulation 33 as shall be deemed necessary or expedient.

Ordered and given at the City of Ottawa this 4th day of December, 1941.

IAN A. MACKENZIE,

Minister of Pensions and National Health.

Whereas by order made by the Honourable the Minister of Pensions and National Health and dated the 4th day of December, 1941, I was

appointed Chairman of a Provincial Committee to undertake the organization of Air-raid Precautions in the Province of British Columbia, with power to appoint a Provincial Air-raid Precautions Officer:

And whereas Thomas William Stanner Parsons was by order made by me appointed Provincial Air-raid Precautions Officer:

And whereas since the date of his appointment there has been established a Provincial Advisory Council to assist in the organization of Air-raid Precautions under the Chairmanship of William C. Mainwaring, of 650 Burrard Street, Vancouver, B.C.:

And whereas, as Chairman of such Council, the said William C. Mainwaring is engaged in the Provincial organization of Air-raid Precautions in the Province and it is desirable that he should also act as Provincial Air-raid Precautions Officer:

Now I, the undersigned, by virtue of authority vested in me by the Honourable Minister of Pensions and National Health, pursuant to section 33 of the Defence of Canada Regulations, do hereby rescind the appointment of the said Thomas William Stanner Parsons as Provincial Air-raid Precautions Officer, and I do hereby appoint William C. Mainwaring, of 650 Burrard Street, Vancouver, B.C., as Provincial Air-raid Precautions Officer.

Dated at Victoria, B.C., this 24th day of April, 1942.

JOHN HART,

Chairman, Provincial Committee for the Organization of Air-raid Precautions.

LIGHTING AND BLACK-OUT REGULATIONS.

Whereas the Minister of Pensions and National Health under Article 35 of the Defence of Canada Regulations has conferred certain authority on me:

Now, therefore, I, the undersigned, Premier of the Province of British Columbia, pursuant to such authority hereby order:

That in the Province of British Columbia the following provisions shall be in effect:—

PRELIMINARY PROVISIONS.

1. There are two types of black-out, a "Precautionary Black-out" and an "Imminent Danger Black-out."

2. A "Precautionary Black-out" will be announced by a continuous and steady note of five minutes' duration on sirens, whistles, and similar instruments; by the Civilian Protection (Air-raid Precautions) services; through the Press; and by other means. In any area where a siren system is provided, the siren system alone will be used for announcing a black-out.

3. An "Imminent Danger Black-out" will be announced by a wailing or fluctuating note of five minutes' duration on sirens, or by a rapid series of distinct blasts on whistles or similar instruments. In any area where a siren system is provided, the siren system alone will be used for announcing a black-out. An "Imminent Danger Black-out" may be announced without the prior announcement of a "Precautionary Black-out."

4. While a "Precautionary Black-out" and an "Imminent Danger Black-out" are alike in respect that during both all lights must be extinguished or completely masked, they differ in that during an "Imminent Danger Black-out," whether by day or by night, all vehicular traffic must cease (with lights extinguished at night-time) and pedestrians must use sidewalks only; whereas during a "Precautionary Black-out" vehicles with masked headlights may continue to operate (but not above fifteen miles per hour) and pedestrians are unrestricted. (See detailed provisions below.)

5. An "Imminent Danger Black-out" will only be used when there is a threat of immediate attack. A "Precautionary Black-out" will be used when danger is believed to exist and lights might assist the enemy, but the threat does not justify the cessation of traffic. In those parts of the Province west of the summit of the Cascade Range (including islands) that cannot be reached by the means of announcement prescribed, every person shall observe a perpetual "Precautionary Black-out."

TELEPHONE CALLS.

6. Every person is requested to refrain from making unnecessary telephone calls during a black-out.

PRECAUTIONARY BLACK-OUT.

Detailed Provisions.

7. Upon the commencement of a "Precautionary Black-out" the following provisions shall be in force and shall, throughout the duration of the "Precautionary Black-out," be observed by every person within range of the signal and by every person to whom notification of the black-out is given by any means:—

- (a.) Every such person shall promptly:—
 - (i.) Extinguish every light under his control; or
 - (ii.) Completely mask every light under his control so that no light, reflection, or glare is visible except inside the building or enclosure within which the light is completely enclosed.
- (b.) After the commencement of the "Precautionary Black-out" no such person shall create any light unless it is completely masked in the manner above described.
- (c.) The "Precautionary Black-out" requirements shall not apply to any light from the lamps used on any vehicle when in use during a "Precautionary Black-out" if such lights are in conformity with the requirements and specifications issued by the Chairman, Advisory Council, Provincial Civilian Protection Committee. (See Regulations for Motor-vehicles, etc., printed below.)
- (d.) Unless he holds a special permit, no person shall during a "Precautionary Black-out" operate any motor-vehicle or any motor-cycle or any other vehicle at a greater rate of speed than fifteen miles per hour.

8. Every "Precautionary Black-out" shall apply to every area within which the signal is sounded and to every area within which notification of the black-out is given by any means.

9. After its commencement a "Precautionary Black-out" shall, unless an "All Clear Notification" is previously given, continue in force until one-half hour before sunrise. If it is deemed necessary to continue a "Precautionary Black-out" for an extended period, its duration will be announced by radio (if available), in the Press, by the Civilian Protection (Air-raid Precautions) services, and by other means.

Inaccessible Areas West of the Cascade Range.

10. In those parts of the Province west of the summit of the Cascade Range (including islands) that cannot be reached by the means of announcement prescribed, every person shall every day without exception from one-half hour after sunset until one-half hour before sunrise on the following day, comply with the conditions prescribed for a "Precautionary Black-out."

IMMINENT DANGER BLACK-OUT.

Detailed Provisions.

11. A signal consisting of a wailing or fluctuating note of five minutes' duration on

sirens or of a rapid series of distinct blasts on whistles and similar instruments for the same period of time shall be and shall be known as the "Imminent Danger Signal."

12. A signal consisting of a continuous and steady note of three minutes' duration on sirens, whistles, or similar instruments shall be and shall be known as the "Change to Precautionary Signal."

13. Upon the sounding of an "Imminent Danger Signal" in any part of the Province:—

- (a.) Every person within range of the signal and every person to whom notification of the black-out is given by any means shall, so far as lights are concerned, be subject to the same regulations as are prescribed for a "Precautionary Black-out."
- (b.) Every person within range of the signal or to whom notification of the black-out is given by any means who has control of any vehicle or cycle, whether in motion or not, upon any street or highway shall draw it to the curb or side of the street or highway and bring it to a complete stop and shall, unless otherwise ordered by a senior police official or person acting under his authority, keep it stationary with all lights extinguished until the sounding of the "Change to Precautionary Signal." This clause is applicable during both day and night, but shall not apply to any person or class of persons who has a permit from me or from the Chairman, Advisory Council, Provincial Civilian Protection Committee. Every person shall immediately obey any order given by a senior police official or person acting under his authority.
- (c.) During the period of any "Imminent Danger Black-out" no person who is within range of the signal and no person to whom notification of the black-out is given by any means shall proceed along any street or highway, where there is a sidewalk, save upon the sidewalk, except at crossings; and, in the case of any street or highway where there is no sidewalk, no person shall proceed along that street or highway. This clause is applicable during both day and night.

Street-cars and Railways.

14. During every black-out the driver of every street-car and locomotive shall comply with the regulations prescribed by the Chairman, Advisory Council, Provincial Civilian Protection Committee.

ALL CLEAR.

15. When notification is given that all is clear, normal conditions shall (except in inaccessible areas west of the summit of the Cascade Range) be resumed. Such notification shall be known as the "All Clear Notification" and shall be given by Civilian Protection (Air-raid Precautions) services, radio, Press, and by other means; but not by sirens, whistles, or other similar instruments.

GENERAL PROVISIONS.

16. If, during any black-out (whether Precautionary or Imminent Danger) any light is visible in contravention of these orders, it shall be the duty of any person to request the person in control or apparent control of such light to comply with these orders; and, in any case of continued non-compliance, any Civilian Protection (Air-raid Precautions) Warden, police officer, peace officer, or any member of a fire force, may take in relation thereto all such steps as may be reasonably necessary for the enforcement of these orders, including entry of premises and boarding of vehicles or vessels.

17. I hereby empower any senior police officer, as defined in the Defence of Canada Regulations, or any constable acting under the general or special directions of such senior police officer, to prohibit or restrict, in the event of hostile attack or the apprehension of hostile attack, the display of any light which would otherwise be lawful under these or any other orders relating to black-outs.

18. I hereby authorize the Chairman, Advisory Council, Provincial Civilian Protection Committee, to make regulations prescribing the lights that may be displayed on any motor-vehicle, bicycle, motor-cycle, car, or locomotive during any "Precautionary Black-out" under these or any other orders, and requiring that no motor-vehicle, bicycle, motor-cycle, car, or locomotive shall be used unless such lights are displayed.

19. Where the lamps on any motor-vehicle, bicycle, motor-cycle, or car have been altered so as to comply with regulations made under these orders, that motor-vehicle, bicycle, motor-cycle, or car may be used with the lamps as so altered when there is no black-out, notwithstanding the requirements of any Statute or law to the contrary; but no person shall, during the period from one-half hour after sunset to one-half hour before sunrise, drive or operate any motor-vehicle or motor-cycle with masked lights at a greater rate of speed than fifteen miles per hour even although there is no black-out.

20. After the date of this order (whether a black-out is in force or not):—

- (a.) As to outside lights: No person shall between one-half hour after sunset and one-half hour before sunrise cause or permit any light, illumination, sparks, or glare to emanate from any lighting apparatus, burning or smouldering material, or other source, such apparatus, material, or other source not being completely enclosed within a roofed building; and for greater certainty, but not so as to restrict the generality of this prohibition, the same shall apply to advertising and display signs, whether neon lights or not, and to porch lights and to lights on or in front of residences or business-houses, whether for lighting purposes or otherwise, and to clearing and camp fires.
- (b.) As to inside lights: No person shall between one-half hour after sunset and one-half hour before sunrise cause or permit any light, illumination, sparks, or glare to emanate from inside any building or enclosure unless a person is constantly present with authority and the means of instantly extinguishing or masking the light, illumination, sparks, or glare.

This regulation shall not apply to lights operated exclusively for street-lighting purposes or to lights used on any vehicle or to navigation lights.

21. Exemptions from black-out requirements under these orders may from time to time be granted by me or by the Chairman, Advisory Council, Provincial Civilian Protection Committee, in respect of any locality within the Province or in respect of any period of time, person, or class of persons, public utility, public service, or industry, and an exemption may at any time be rescinded by me or by the said Chairman. Notice of exemption and of the rescinding of an exemption may be given in such manner as I or the Chairman may determine. Every exemption shall be subject to such conditions and restrictions as are prescribed in relation thereto.

22. Except as herein provided, no person shall without authority from me sound a "Precautionary Black-out" signal, an "Imminent Danger" signal, or a "Change to Precautionary" signal, or give an "All Clear Notification."

23. Pursuant to authority conferred on me, I hereby delegate to the General Officer Commanding in Chief, Pacific Command, power to order either a "Precautionary Black-out," an "Imminent Danger Black-out," a "Change to Precautionary" signal, or an "All Clear Notification" as and when he may see fit.

24. These orders supersede all previous orders relating to black-outs in British Columbia.

Dated at Victoria, B.C., this 24th day of April, 1942.

JOHN HART,
Premier of British Columbia.

I, RONALD OKEDEN ALEXANDER, as General Officer Commanding in Chief, Pacific Command, as Senior Defence Official of the Area of British Columbia declared vulnerable, and also on behalf of the Minister of National Defence, the Minister of National Defence for Naval Service, and the Minister of National Defence for Air, concur in the orders relating to Black-out made by The Honourable John Hart, the Premier of British Columbia, this day; with this reservation, that the said orders shall not apply to any lights or emergency measures that may be deemed necessary by any of the Defence Forces.

Signed at Esquimalt, B.C., this 24th day of April, 1942.

R. O. ALEXANDER,
*Major-General, G.O.C. in C.,
